

Bali Nusa Dua
HOTEL

NEW NORMAL HEALTH AND SAFETY PROTOCOLS

www.balinusaduahotel.com

The well-being and safety of our guests and team members are our first priority. We are taking several proactive measures to ensure that New Normal Health and Safety Protocols are implemented at all times.

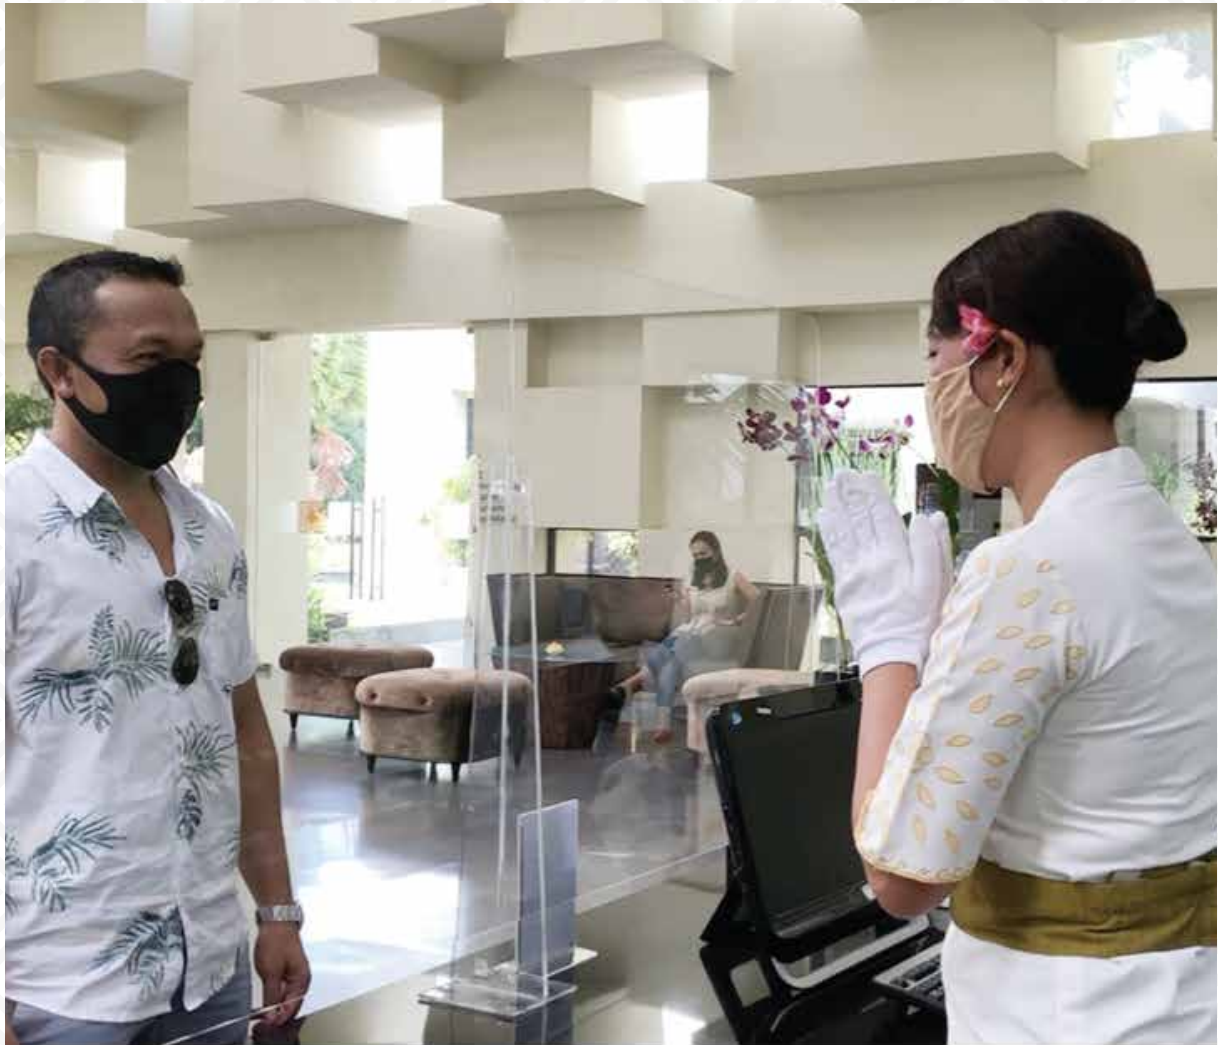

Temperature check upon arrival

Hand washing facility with soap and running water is available at drop off area

Hand sanitizer is provided in key public areas

Maintain physical distancing between yourself and others

New seating arrangements with safe distance

Enhanced cleaning program in public areas with frequent disinfection of high touch points areas

Reinforced room cleaning protocols

All rooms has direct access to an open window to maintain fresh air circulation

**Contactless electronic payment
QR codes menu for room service and restaurant**

Enhanced food safety and hygiene standards

Comprehensive safety and hygiene training for employees
